## CLASSIFICATION SYSTEM

The following is an explanation of the Classification system changes, which became effective from 14 November 2011:

### MAIDEN:

For horses that have not won a flat race.

Set weights: Colts, geldings and entires 58.5kg, fillies and mares 56.5kg. Three-year-old allowances apply as below: -

August – October	2.5kg	
November – January		1.5kg
February – April		0.5kg
May – July		Nil

### RACES BASED ON RATING BANDS:

As from 14 November 2011, races based on rating bands have been amended in accordance with the changes to the NZTR Handicapping Policy. These rating races are run up to a particular rating band and will vary from region to region and time of the year, depending on available horse populations, e.g. Rating 65, Rating 75, Rating 85 etc.

### OPEN HANDICAP:

For all horses not less than three years old.

### MAIDEN HURDLE / STEEPLECHASE:

For horses who have not won a hurdle / steeplechase race.

Set weight 65kg.

### RESTRICTED OPEN HURDLE / STEEPLECHASE:

These races have replaced the previous Intermediate races. Those horses with higher ratings will be expected to carry higher weights, but will not be re-rated significantly (Usually 2 points or less), to ensure that these horses are not disadvantaged in Open and Premier Jumps Races. Minimum weight is 64kg.

### HURDLE / STEEPLECHASE (OPEN):

Minimum weight 64kg.

### MINIMUM WEIGHTS:

- The minimum weight for all handicap races (except Group and Listed Races and Open Handicaps) is **54kg**. The minimum weight for Open Handicaps is **53kg** with effect 14 November 2011.
- The minimum top weight declared for all handicap races (except two and three year old handicap races) is **59kg**.

### DUAL ACCEPTORS

Licence holders should be aware of the general policy regarding dual acceptors.

Clearly, if horses are being entered at two meetings within 48 hours of each other, Clubs will apply their discretion to eliminate

the horse from one meeting if full fields exist at both places. This policy also applies where horses are entered in more than one race at the same meeting.

If a horse will make the field at both meetings, or in both races at the same meeting, licence holders should advise of their preference rather than face disappointment by being eliminated from the race and/or meeting that is preferred.

There is an exemption to this policy, when it involves Group and/or Listed races. Where a horse is accepted in a Group and/or Listed Race and any other non black-type race scheduled within 48 hours and its weight, rating or qualification would merit a start in both races, that horse may be eliminated or balloted out of the non black-type race irrespective of its weight, rating or qualification if there are ballots required.

Clubs that conduct multi-day meetings within 48 hours are exempt from this policy provided this condition is advertised in the official advertised programme.

These procedures have been put in place in an effort to obtain starts for as many horses as possible.

## POINTS SYSTEM FOR MAIDEN RACES

The following is an explanation of the points system used for field selection for maiden races:-

Raceday 2nd add 2 points – minimum 7 points, maximum 9 points

Raceday 3rd add 1 point – minimum 6 points, maximum 9 points

Raceday 4th minimum 5 points – if presently higher stays as is

Raceday 5th minimum 2 points – if presently higher stays as is

- 1 point to be deleted for every unplaced run (6th or worse), after 3 unplaced runs points revert to zero.
- If a horse who already has points finished 3rd or worse in a qualifying trial (or 2nd when less than 8 starters) all points are lost.
- If a horse with 1 point from a catchweight trial win finishes 2nd or worse in a catchweight trial then it's point is lost.
- Fell, brought down, pulled up, ran off, disqualified and lost rider are ignored.
- An unplaced run in a Group or Listed race is ignored.

Examples:

0287.....5 points	<del>7</del> 6ints.....	456ints..
8202.....8 points	<del>8</del> 9ints.....	600point..
4522.....9 points	<del>9</del> 9ints.....	3005ints..
998a.....5 points	<del>5</del> 6ints.....	2434ints..
